

Patch Release 2.1.3.370 (Released 5/17/2010)

Purpose of the Patch was to address the following bug:

- “Add-ons” merchandise error on merchandise page (Merchandise.aspx)

“Add-On” Merchandise Error

When registering for two or more programs and attempting to purchase “add-ons” merchandise you would see the following error “Some Merchandise Items have errors; please correct the indicated fields before proceeding”. This error would happen on the Merchandise page ‘Merchandise.aspx’ that would prevent you from moving forward with your registration (see figure 1.1 below). We have now addressed this issue which will now allow you to purchase “add-ons” merchandise without any issues.

Merchandise

Some merchandise items have errors, please correct the indicated fields before proceeding.
